Call for Estimate  
\$60.00/hour

**DELIVERY SERVICES**

- Delivery charges for medium size orders (one way charge - return empty).
- Tractor Trailers are frequently shipped from our yard (as many as five/ day at heights of season). We are able to provide you with a quote based on distance covered from our shipping yard. When possible, we also pack your order along with others into trailers destined in your general direction.
- When we arrange and prepay the shipping of your products, an administration fee is applied to cover administration time, phone calls, book-keeping/cheque & mailing fees.

\$1.90/km

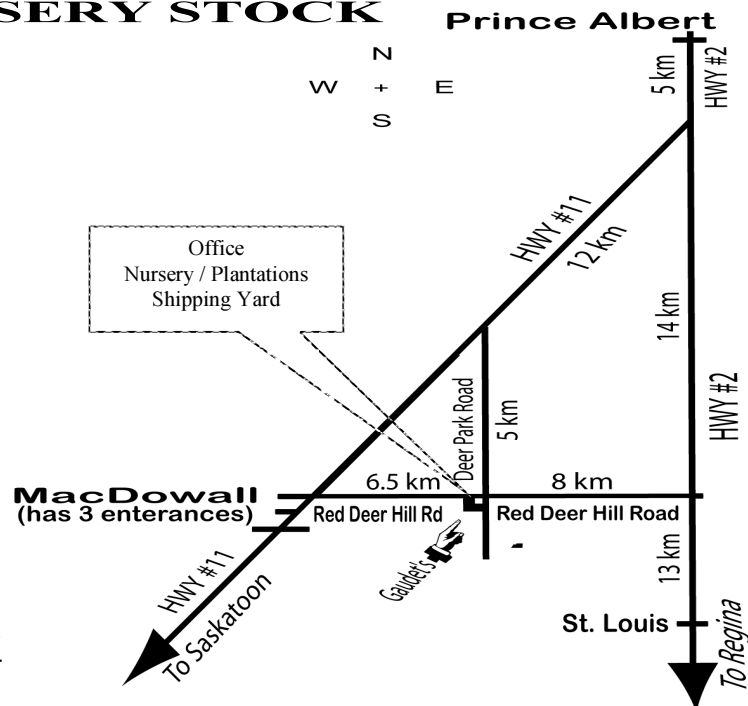

Call for Estimate

\$25.00 fee

**PICK UP - NURSERY STOCK**

**PICK UP OPTION:**

- We strongly suggest you call ahead and prior to arrival (24 hours is perfect) to ensure that our staff is available to assist you in the loading process. Sometimes our compound is closed because everyone is in the plantations.
- Pick up: For those of you arriving in our shipping yard to pick up your order, see the **CALCULATION OF SHIPPING REQUIREMENTS - TABLE 1** (located in our downloadable online catalogue at [www.treesrus.ca](http://www.treesrus.ca)) to accurately determine the space and weight requirements for your transportation needs. Note that some species of trees and shrubs may be inter-stacked allowing for a greater volume of product transported.

## **INSTALLATION SERVICES**

### **INSTALLATION - MACHINE DUG WITH BOBCAT**

Most installations are conducted with the use of mechanized equipment, ie; Bobcats, augers, blades, buckets, etc. Trees and shrubs are handled and planting assisted with this equipment. The ground may be disturbed by the Bobcats and if we are alerted to sensitivity of the ground conditions, ie; underground sprinkler systems, soft and or wet areas where driving will take place we'll come in with a track loader vs a skid steer loader on wheels. Pending site conditions we will level the ground which has been disturbed with either buckets, blades or landscape rakes.

Planting - #7 Potted Tree - Machine Dug	\$19.00 each
Planting - #10 Potted Tree - Machine Dug	\$26.00 each
Planting - #15 Potted Tree - Machine Dug	\$35.00 each
Planting - #20 Potted Tree - Machine Dug	\$45.00 each
Planting - #25 Potted Tree - Machine Dug	\$55.00 each
Planting - 28 inch Wire Basket Tree - Machine Dug	\$65.00 each
Planting - 32 inch Wire Basket Tree - Machine Dug	\$75.00 each
Planting - 36 inch Wire Basket Tree - Machine Dug	\$85.00 each

### **INSTALLATION - HAND DUG BY SHOVEL**

We hand plant because of either the smaller size, hard to access location or ground sensitive to compaction/disturbance with mechanized equipment. Some jobs are cost prohibitive to bring mechanized equipment because of few products being installed. For hand planted work, the larger trees are moved to their final location using specialized industry carts.

Planting - #1 Potted Tree - Hand Dug	\$9.00 each
Planting - #2 Potted Tree - Hand Dug	\$12.00 each
Planting - #3 Potted Tree - Hand Dug	\$16.00 each
Planting - #5 Potted Tree - Hand Dug	\$21.00 each
Planting - #7 Potted Tree - Hand Dug	\$29.00 each
Planting - #10 Potted Tree - Hand Dug	\$39.00 each
Planting - #15 Potted Tree - Hand Dug	\$54.00 each
Planting - #20 Potted Tree - Hand Dug	\$70.00 each
Planting - #25 Potted Tree - Hand Dug	\$90.00 each
Planting - 28 inch Wire Basket Tree - Hand Dug	\$140.00 each
Planting - 32 inch Wire Basket Tree - Hand Dug	\$160.00 each
Planting - 36 inch Wire Basket Tree - Hand Dug	\$210.00 each

**INSTALLATION - MULCH APPLICATION & SUPPLY**

The process of mulching in all plants involves adding a layer no deeper than 3 inches/8 cm deep of either saw dust or wood chips. All our installations receive mulch applications for the following two significantly important reasons.

1. Preserve soil moisture by simply providing a ground cover minimizing evaporation from the sun and wind.
2. Preserve soil moisture by minimizing unwanted vegetation from growing unabated up and into your trees minimizing vigour, crookedness and failure to grow to each species potential.

Note: All installations require follow up maintenance which is typically provided by property managers, proprietors & residential home owners. There are two types of maintenance:

1. Removing all unwanted vegetation from encroaching on all flowers, shrubs & trees either manually or with herbicides.
2. Ensure adequate moisture conditions always exist by checking soil with a moisture probe and following up with a water regime to maintain moisture levels. Rain fall is often lacking and to see successful growth one is often tasked with watering by hand with either a water can, hose or installing an irrigation system.

Mulching - #1 Potted Tree	\$6.95 each
Mulching - #2 Potted Tree	\$7.95 each
Mulching - #3 Potted Tree	\$8.95 each
Mulching - #5 Potted Tree	\$9.95 each
Mulching - #7 Potted Tree	\$11.95 each
Mulching - #10 Potted Tree	\$13.95 each
Mulching - #15 Potted Tree	\$16.95 each
Mulching - #20 Potted Tree	\$21.95 each
Mulching - #25 Potted Tree	\$24.95 each
Mulching - 28 inch Wire Basket Tree	\$28.95 each
Mulching - 32 inch Wire Basket Tree	\$31.95 each
Mulching - 36 inch Wire Basket Tree	\$34.95 each

**BOBCAT SERVICES** (Skid Steer or Compact Track Loader)

Includes various customer requested tasks - Re-locating/Transplanting Trees, Drilling Holes, Site Preparation, Levelling, Excavating, Tree Removal, Snow Removal, Etc.	\$85.00/hour
